CHILDHOOD EDUCATION

Acknowledgments

The Urban League Parent Information Center would like to sincerely thank the following organizations for their partnership in the development of the third edition of the New Orleans Guide to Early Childhood Education:

- The Walton Family Foundation, whose generous support continues to sustain the work of the Urban League Parent Information Center.
- EnrollNOLA for their partnership and collaboration on the third edition.
- Louisiana Department of Education and Agenda For Children for their contribution to the development of the Early Childhood Guide and continued support.
- Early learning center directors who provided valuable input on the creation of this resource guide and offered information about their programs.
- The administrations of the Recovery School District, Orleans Parish School Board, and the Archdiocese of New Orleans for their cooperation and support during this process.

INTRODUCTION

The Urban League of Louisiana Parent Information Center (ULPIC) is proud to present the third edition of the New Orleans Guide to Early Childhood Education. ULPIC strives to create a knowledgeable parent base to empower them to be successful agents of change and advocates for excellent schools.

With useful and credible information about their options, parents can make the best decisions for their children. ULPIC and EnrollNOLA worked together to design the third edition of the New Orleans Guide to Early Childhood Education to provide families with a comprehensive resource to aid in their search for early childhood education programs aligned with their family's core values and meet their child's specific needs. This edition aims for easier navigation of the eligibility and application process and provides additional information on centers that families requested.

The Guide is now divided into three distinct areas:

- Free Early Learning Programs (Birth - 4 years)
- Tuition-Based Programs (Birth - 4 years)
- Pre-K Programs

We hope families are able to quickly discover programs they qualify for, how to apply, and helpful information on each learning center they are interested in.

Knowing that parents are unable to visit every center, this guide will help parents streamline their choices and make informed decisions about early childhood education programs. Parents can use this guide to learn about licensed centers, weekly cost, support for children with special needs, performance ratings and more. Armed with this information, parents will be better prepared to determine which center is the best fit for their child. The profiles in this guide provide a helpful overview of centers but are not a substitute for visiting centers and experiencing them first hand. We encourage parents to visit centers and watch caregivers in action to decide which center is right for their child. Tips are included to help assist in determining a quality early learning center.

In addition to supporting parents, this guide is designed to support center directors and caregivers as they consider what services to offer families, and what gaps still exist.

The Urban League hopes that parents, caregivers and our community as a whole will find the New Orleans Guide to Early Childhood Education a useful tool to improve outcomes for the youngest members of our community.

EARLY CARE & EDUCATION OPTIONS

There are several types of programs and settings for young children. Some programs are designed specifically for infants and toddlers while others are focused on preparing three - four-year-olds for school. Some programs are specifically focused on supporting families with limited incomes while others serve families of all incomes. Some early learning programs are privately-owned businesses and others are part of a school or other organizations.

This guide includes centers that are licensed to operate by the state of Louisiana. Centers that serve more than seven children are required to have a license and are regulated by the Louisiana Department of Education. Also included in this guide are preschool programs at public and private schools. In addition to the programs included in this guide, there are small home-based care options, parents' day out programs and in-home care providers (also known as nannies). Some Montessori programs that are licensed by the state are included in this guide, others may be registered but not licensed, and are therefore not included.

Early Learning Centers

Early learning centers are organizations or businesses that provide care and early education to seven or more children. These centers are sometimes called nursery schools, preschools or daycares but the term early learning center better reflects the fact that these centers are intended to nurture the development of infants and young children as they grow and learn. Most early learning centers are privately-owned businesses but some may be non-profits or connected to a larger organization such as a university.

In Louisiana, these programs are regulated by the Louisiana Department of Education and

must follow specific guidelines for staffing, physical space and cleanliness. Licensed centers are regularly monitored to ensure they are following guidelines and safety regulations. Centers may be required to close if they are in violation and are not meeting standards. To check a center's license status, visit the School Finder website – www.louisianaschools.com.

Montessori Programs

Montessori programs are types of early learning centers that follow the child-directed learning philosophies of Maria Montessori. Many New Orleans Montessori programs are licensed early learning centers. Others are registered but not licensed through the state Department of Education.

Early Head Start and Head Start

Early Head Start and Head Start are federally-funded programs that offer free care and education and other family services to low- and moderate-income families. Early Head Start programs serve infants from birth to 3 years and Head Start programs serve children ages 3 years to 5 years. Head Start services may be offered through a Head Start center or through private early learning centers, home-based child care programs or schools in partnership with a Head Start program. Currently, all Head Start programs are licensed as Type III early learning centers. Head Start services are free to low-income families and children with disabilities. In addition to free child care, Head Start families receive support to help them achieve financial and personal development goals such as finding housing and jobs or enrolling in college or job training programs.

School-Based Preschool Programs

Many public and nonpublic schools offer preschool or prekindergarten programs. Most school-based programs serve children who are at least four years old.

Prekindergarten programs at public schools are free to families with low to moderate incomes and for children who have been identified as needing special education services (meaning that they have been identified as gifted or diagnosed with a disability). A few public schools also allow families who are not eligible for free prekindergarten to pay for their child to attend. These are designated as "tuition based programs" found on pages 115-119.

Unlike kindergarten and higher grades, public schools are not required to provide prekindergarten for all students. That means there are usually many more children seeking prekindergarten than are available seats in the city. When seeking prekindergarten seats at a public school, you should start the process early and be aware that there may not be a seat available in a public school you most prefer. Be prepared by identifying other early learning options.

Many nonpublic schools offer prekindergarten programs and information about many of these programs are included in this guide. Processes for application and enrollment in these programs and tuition costs vary based on the schools. Some nonpublic schools participate in a program that provides free tuition to families with low- and moderate-incomes. You should review the information about these programs on pages 147 – 154 and visit school websites for information about application deadlines and enrollment processes.

**You can call
Agenda for Children
at (504) 586-8509
for more information
about additional
child care options
not included
in this guide.**

Understanding Center Types

Early learning centers are regulated by the Louisiana Department of Education and are sorted into three types: Type I, Type II or Type III. These three types replaced the old Class A or Class B system that existed before July 2015. The different license types are important because they determine the amount of training caregivers must complete, number of children allowed per caregiver and the center's ability to accept state funding.

Although the different types mean different minimum requirements, centers can voluntarily choose to offer more training or lower child-to-caregiver ratios

than what is required by their license type. On the center profile pages, there is information about staff training and child-to-caregiver ratios.

The table below outlines some of the key differences between the three types of centers. For each center included in this guide, you will find the center type and license number listed on the center profile and you can check a center's license type by visiting the Louisiana Department of Education website at www.louisianabelieves.com.

	Type I	Type II	Type III
Former License Type	Class B	Class A	Class A
Allowable child-to-caregiver Ratios	Centers permitted to have slightly more children per every adult caregiver	Centers required to maintain slightly smaller number of children per adult caregiver	Centers required to maintain slightly smaller number of children per adult caregiver
Participation in Child Care Assistance Program	Not eligible for Child Care Assistance Program	Not eligible for Child Care Assistance Program	Can participate in Child Care Assistance Program
Participation in assessment and rating system	Not participating	Not participating	Must participate in the new accountability system accessing each child's growth and learning
Participation in coordinated enrollment system	Not participating	Not participating	Must participate in OneApp enrollment system (unless they only serve CCAP)
Other differences	Newly established centers must be associated with a religious institution to be a Type I center	Takes no public funding or only takes food and nutrition funding.	Families may be eligible for School Readiness Tax Credits if their child attends a Type III center that's based on star rating (2+ stars).

CHOOSING AN EARLY LEARNING PROGRAM

1. START EARLY

Start looking in advance. No matter what kind of care you are considering—an early learning center, care in someone’s home, or a school-based program—finding the right early care and education option can take time.

2. RESEARCH YOUR OPTIONS

Use this guide as a starting point to learn about early child care options in New Orleans. As you review these options, consider your family’s needs and eligibility requirements for specific programs. Find some helpful questions to consider when researching child care options on the next page.

3. VISIT & ASK QUESTIONS

Consider these key indicators of quality:

- Approach to learning / curriculum
- Child to caregiver ratios
- Accreditation
- Quality rating
- Caregiver qualifications

(see the next page for some tips on what to look for.)

4. MAKE A CHOICE

Use the tools and questions in this guide to think about what you saw at each center and make a choice that’s right for your family.

5. STAY INVOLVED

The work is not over when you find good care for your child. You and your child care provider are partners now and should work together to ensure your child is learning and developing.

Key Indicators of Quality Learning Centers

Approach to Learning

Young children learn through relationships. You can see this in the “serve and return” between infants and their caregivers. Just like in a tennis game, children develop a back and forth with caregivers that aids in their development. When a baby cries and a teacher soothes the baby by picking them up and talking to them in a soothing tone, neural connections are created in the child’s brain.

As children get older, this may take the form of a toddler pointing to a car, and saying “car,” and a caregiver responding “That is a car. It’s a little blue car.” and asking a question.

This interaction continues the conversation and gives the child new ideas to think about and practice using language skills.

As you visit classrooms, look at how the caregivers interact with children. Look for signs that caregivers have strong, positive relationships with the children. Caregivers should be responsive to children’s needs and behaviors.

As you visit classrooms, ask yourself:

- ☐ Do caregivers get down to the children’s level so they can make eye contact?
- ☐ Are caregivers talking with infants and toddlers? Are they listening to the children?
- ☐ Do the caregivers describe what they are doing and what the children are doing as they interact?
- ☐ Do the caregivers seem to know about each child’s interests?

- ☐ Are caregivers asking children questions and responding warmly to continue the conversation?
- ☐ When conflict or behavior issues arise, do they teach the children how they can resolve problems, instead of just stopping challenging behavior?
- ☐ Are the teachers helping children learn how to handle their emotions and get along well with the other children in the group?
- ☐ Are infants allowed to sleep and eat according to their own schedule?

Questions to consider when researching your options:

- ➔ What is the center’s philosophy and approach to early learning?
- ➔ Does this approach to learning reflect your family’s parenting approach?
- ➔ What days do you need child care?
- ➔ Which centers offer hours that meet your family’s child care needs?
- ➔ What types of financial assistance are available?
- ➔ Does the center maintain child-to-caregiver ratios that meet your child’s needs?

Approach to Learning, cont'd.

Young children learn best by having direct and real experiences with many, varied materials that are accessible. Research shows that children do not learn as well through memorization or by listening passively. When you visit programs, you want to see teachers who are actively engaging children in a variety of learning activities.

For example, in an early learning center, you may see some children practicing their language skills in the “dramatic play” area, or testing out basic science concepts at the sand and water area, or working on their fine motor skills in the art area. The teacher’s role in the classroom should be to enrich and extend learning.

In a preschool classroom, you should look for:

- Teachers having extended conversations that help children think beyond the here and now.
- Teachers asking “wh” questions (Who? What? When? Where? Why?)
- Teachers asking children to think about the past, present and future:

Some clues that a classroom is not helping children learn through direct experiences include:

- Long periods of time when all children are doing the same thing
- Lots of flash cards and worksheets

If things are going well, the children should be so engaged in learning that they hardly notice you when you enter the classroom.

Adapted from “Seven Essential Life Skills Every Child Needs” by Mind in the Making, www.mindinthemaking.org.

Curriculum

Early learning centers may follow a particular curriculum or philosophy for helping their students learn and grow. You should ask center staff if they use a particular curriculum and why they have chosen that curriculum or approach. A center’s curriculum should address all aspects of your child’s development including social, emotional, physical, language and cognitive.

Look for a program where:

- Children are given opportunities to learn and develop through exploration and play, and teachers have opportunities to work with individual children and small groups on specific skills.
- Materials and equipment spark children’s interest and encourage them to experiment and learn.
- Activities are designed to help children get better at reasoning, solving problems, getting along with others, using language, and developing other skills.
- Infants and toddlers play with toys and art materials that “do something” based on children’s actions, such as jack-in-the-box, cups that fit inside one another, and playdough.

Adapted from “The 10 NAEYC Program Standards,” by the National Association for the Education of Young Children, www.naeyc.org.

Child-to-Caregiver Ratio & Class Size

The child-to-caregiver ratio is the number of children per each caregiver in a center. Class size is the number of children who learn and play together at one time. Each of these numbers will make a difference in your child's experience.

Small child-to-adult ratios and group sizes mean that each child is likely to get more attention from the caregivers. For younger children small ratios and class sizes are even more important.

The National Association for the Education of

Young Children (NAEYC) recommends that babies need a ratio of no more than 1 adult for 3 or 4 infants while most 4-year-olds can do well with a ratio of 1 adult for 8 to 10 children. Louisiana law allows early learning centers to have higher ratios than NAEYC recommends. However, many programs keep lower ratios than are required. Louisiana does not regulate class size, so it is important to ask about group sizes.

The following chart shows child-to-caregiver ratios allowed by law and recommended by NAEYC.

Recommended & Required Child-to-Caregiver Ratios for Early Learning Centers

Ages of Children	Maximum Ratios Allowed by Louisiana for Type II and Type III Programs	Maximum Ratios Allowed by Louisiana for Type I Programs	NAEYC-recommended ratios by group size
Infants under 12 months	5:1	6:1	3:1 for a group of 6 infants or 4:1 for a group of 8 infants
One year old	7:1	8:1	3:1 for a group of 6 4:1 for a group of 8 or 12
Two year old	11:1	12:1	4:1 for a group of 8 5:1 for a group of 10 6:1 for a group of 12
Three year old	13:1	14:1	6:1 for a group of 12 7:1 for a group of 14 8:1 for a group of 16 9:1 for a group of 18
Four year old	15:1	16:1	8:1 for a group of 16 9:1 for a group of 18 10:1 or a group of 20
Five year old	19:1	20:1	Same as four year-olds, if not a kindergarten program
Six year old & up	23:1	25:1	10:1 for a group of 18 11:1 for a group of 20 12:1 for a group of 22

Early Head Start and Head Start – Early Head Start programs typically have a ratio of one adult for every four children and Head Start programs typically have a ratio of one adult for every ten children.

Schools – Schools participating in the LA4 or Nonpublic School Early Childhood Development

(NSECD) program must have a ratio of one adult for every ten children in a classroom.

Family Child Care – Family child care providers, who provide care in their own homes, can care for no more than six children at a time (6:1) regardless of age.

EARLY CHILDHOOD EDUCATION REFORMS

The 2012 Louisiana Legislature passed the Early Childhood Education Act (Act 3) and made major reforms to Louisiana's early childhood education system. Act 3 made a number of changes to the way early childhood education programs are regulated, funded and held accountable. Since then, the legislature has passed additional related legislation and state agencies have changed some of their rules and processes to align with these changes. Over the next few years, early childhood education in Louisiana will change in many ways. This section provides an overview of how these changes affect families.

Performance Profiles

Louisiana has changed its rating system for early care and education programs. As part of this change, the star rating system has been phased out and programs instead receive performance ratings (Excellent, Proficient, Approaching Proficient, Unsatisfactory) based on the quality of teacher-child interactions. Each program received a performance profile that includes additional non-rated information including teacher credentials, caregiver-to-child ratios and curriculum to help parents make informed decisions. All early education programs that receive public funds (e.g. public PreK, NSECD, Head Start, CCAP) must participate in this new rating system. The

new rating system replaces the voluntary Quality Start system that was used to rate some Head Start programs and some private early learning centers.

Under the new rating system, publicly-funded programs are required to use a child assessment tool called Teaching Strategies Gold (TS GOLD). TS GOLD is designed to show how children are progressing in their development and learning on 36 to 38 objectives. These assessments help teachers identify ways that they can help children develop their skills and abilities. The child assessment is not a test but a process which allows teachers to observe children's strengths over time in everyday classroom situations. Using the assessment, teachers will take notes on what they see and hear to document each child's growth. A few times a year, teachers look at all of the information they have gathered for each child and use the information to identify the child's levels of development and learning as a checkpoint. This checkpoint provides a snapshot of a child's knowledge, skills, behaviors and abilities at that particular time.

As you visit early learning programs, ask about how they are using CLASS and TS GOLD. Once you enroll your child in a program, ask the teachers how they will share information from TS GOLD with you. Some programs may provide you with a binder showing you what your child

Early Childhood Education Reforms, cont'd.

has learned or accomplished. Other programs may share information with you through a secure website. No matter how they share the information, teachers should be able to use TS GOLD to give you ideas about activities you can try at home to build on what your child is learning at their early learning program.

We have included the rating for participating centers on each center's profile page. On the next page is a sample of a performance profile key. For more information and to view a center's complete performance profile, visit www.louisianaschools.com. Once you click on a center's profile, view the academic performance tab to see their performance profile.

Coordinated Enrollment

Legislation passed in 2014 requires every parish to coordinate enrollment for all publicly-funded seats in early learning programs. In New Orleans, the early childhood community is built upon the work of OneApp. Families can use one application to apply for publicly-funded early childhood programs, regardless of whether that program is located in a school, private early learning center or Head Start program. Public prekindergarten programs for four-year-olds have been included in OneApp since 2012. In 2014, schools that accepted funding from the Nonpublic School Early Child Development (NSECD) program joined OneApp to allow children to apply for publicly-funded seats at nonpublic schools. Since November 2015, parents can use OneApp to apply for Early Head Start, Head Start, and Preschool Expansion seats. Please note that CCAP is not part of OneApp yet.

The OneApp application and more information about the enrollment process are available at EnrollNOLA.org.

Families applying to programs through OneApp must apply through a **TWO STEP PROCESS:**

Apply, then verify, due to the eligibility requirements that help ensure available seats are given to eligible families with the highest need for educational and childcare support.

Child Care Assistance Program

In July 2015, the Child Care Assistance Program (CCAP) shifted from the Louisiana Department of Children and Family Services to the Louisiana Department of Education. Since the transfer, families have seen a lot of changes in how the program works.

For current information about CCAP visit the Louisiana Department of Education website at www.louisianabelieves.com and refer to the Early Childhood tab.

Teacher Credentials

Lead teachers in publicly-funded early learning centers will need to have at least a Child Development Associate (CDA) credential by the 2019-2020 school year. Teachers in licensed early learning centers currently need to attend 12 hours of training each year, but they are not required to have any formal education in early childhood prior to entering the classroom. To earn a CDA, teachers must complete 120 hours of instruction on child development and best practices in early care and education, undergo an assessment of their classroom ability, and pass a written test.

Performance Profile

Performance Rating is based on the quality of teacher-child interactions. Each program receives a performance profile that includes additional non-rated information, including teacher credentials, caregiver-to-child ratios and curriculum to help parents make informed decisions. All early education programs that receive public funds (e.g. public PreK, NSECD, Head Start, CCAP) must participate in the rating system.

CLASS™ Score Range	CLASS™ Performance Ratings	Star Rating for Tax Credit and Bonus Payments	Tax Credit per Eligible Child
6.00 - 7.00	Excellent	5 Stars	\$1,500
5.25 - 5.99	Proficient	4 Stars	\$1,250
4.50 - 5.24	Proficient	3 Stars	\$1,000
3.75 - 4.49	Approaching Proficient	2 Stars	\$750
3.00 - 3.74	Approaching Proficient	1 Star	\$0
1.00 - 2.99	Unsatisfactory	0 Stars	\$0

Learning about Center Staff

The people working at a center providing care and education have a profound impact on your child's experience. As you visit centers, be sure to ask questions about the staff and how they are selected, trained and supported.

Teacher Qualifications - Caregivers with special training in working with children are better able to help your child learn. Here are some questions you can ask about the staff and their preparation:

- What types of early childhood specific training and preparation have staff members completed?
- Does the center provide opportunities for ongoing staff development?
- Are staff members trained in child abuse prevention and reporting?

- How is the staff prepared for emergencies?
- Is someone always present who is certified in CPR and first aid?
- How would the staff handle specific situations and emergencies such as a fire in the building, a power outage or street flooding?

Staff Turnover - An important staff quality check is how often caregivers leave the center and are replaced with new staff. Children learn and grow best when they stay with the same caregiver for at least a year and frequent staff changes can be hard on them.

Ask how long the center's staff have worked there. Some staff changes are normal but you should take the frequency of staff turnover into consideration when choosing an early learning center.

SERVICES FOR CHILDREN WITH SPECIAL NEEDS

If you are worried that your child is not meeting the developmental milestones for his or her age, or if you are unsure if the way your child plays, learns, speaks, acts or moves is developmentally appropriate, you can have your child evaluated to see if he or she has special needs.

You can learn about developmental milestones and what is typical for a child at different ages from the Center for Disease Control's web site at www.cdc.gov/features/trackmilestones/. These fact sheets show you what to expect as your child develops and provide examples of when you should be concerned. Your child's pediatrician and child care provider can offer guidance and should be able to screen your child for delays. Acting early can make a big difference.

Children Ages Birth to Three

EarlySteps is a program that evaluates children under the age of three for developmental delays and provides services including occupational therapy, physical therapy, speech language pathology, audiology, translation services, vision services and more. Children can receive services in their natural environment, which may mean their home, early learning center or another community setting.

You can start the process by calling Easter Seals, the local EarlySteps point of entry, at (504) 595-3408. Your child care provider or pediatrician can also make a referral to EarlySteps with your permission. Once your child is referred, EarlySteps will contact you within several days to schedule a meeting. At the initial meeting, EarlySteps staff will explain the process and your

rights. They will use a screening tool to check your child for delays. If there are concerns, EarlySteps will schedule an eligibility/evaluation meeting within ten days to perform a more in-depth evaluation. If your child is eligible for services, EarlySteps will schedule an Individualized Family Service Plan (IFSP) to determine which types of services can best help your child and help you choose your provider. The IFSP meeting should happen within 45 days of your initial referral.

Children Ages Three to Five

Children ages three to five who are not yet enrolled in public school can receive an evaluation through the Child Search process, which is coordinated by the Orleans Parish School Board (OPSB). If your child is already enrolled in a public school, identification and referrals will be made through the school's Student Assessment Team. The Child Search process is used to identify gifted children, as well as those with developmental delays.

Parents can fill out a request for an evaluation online through the OPSB website: www.opsb.us - look for "Departments" then "Exceptional Children Services" and then click "Child Search". Evaluations can also be requested by contacting the Orleans Parish School Board's Exceptional Children's Services office at (504) 304-3520. Evaluations should be completed within 60 working days of the request.

Children who are identified as having a disability or special learning needs receive priority for public school prekindergarten programs and Head Start programs.

What to Do if You Have Concerns About A Program

When you visit an early learning center, ask to see the center's license. You can find a list of licensed centers on the Louisiana Department of Education's website at louisianaschools.com. This website also includes a list of individuals who are prohibited from operating an early learning center. If you are concerned about a possible unlicensed child care center in operation, please contact the Louisiana Department of Education Licensing Division at LDELicensing@la.gov or by calling (225) 342-9905 or toll-free at 1-877-453-2721.

If you have concerns that your child's needs are not being met, consider taking the following steps:

1. Talk to the teacher about your concerns.

Ask the teacher questions about their learning approach and about your child's activities. Try to avoid placing blame and focus on identifying a solution that works well for everyone. Learning more about child development and the classroom dynamic can help ease your worries. For example, throwing tantrums is a perfectly normal behavior for toddlers and a teacher should be able to offer some strategies to guide your child's behavior and help them learn how to better communicate and manage emotions.

2. Talk to the Director.

If speaking with the teacher does not resolve the issue, the program Director may be able to help find a solution. The program Director should be able to offer more ideas about how to address your concerns and provide ongoing supervision to make sure that your child's needs are being

met. Depending on the program size, you may be able to ask that your child be moved into a different classroom with a different teacher.

3. Suggest bringing in outside help.

There are specialists called Infant Mental Health Consultants who can help teachers identify ways to improve the classroom environment and address challenging behaviors. Agenda for Children employs technical assistance coaches who can help teachers troubleshoot problems and support programs in improving their quality.

If you feel that a center is not keeping children safe, is abusing or neglecting children, or is not following licensing regulations, you should contact the Department of Education's licensing department at (225) 342-9905 immediately.

PAYING FOR CHILDCARE

High-quality early care and education is one of the best investments you can make for your child. However, child care can be a big expense for families. Quality early care and education requires low child to adult ratios, well-trained staff and an environment that includes a wide range of toys, furniture and materials to help children learn and grow. Each of these factors is reflected in the price that a program charges.

If you have an infant or toddler in New Orleans, you can expect to pay anywhere from \$100 a week to more than \$275 a week. There are programs that can reduce your child care costs. The type of assistance you can get will depend on a few factors:

Your child's age: In general, there are far more free spots available for preschoolers than for infants and toddlers. For children ages 3 to 5 years old, there are several free or low-cost programs including Head Start and grant-funded preschool at public and private schools. However, free or low-costs options for children from 6 weeks through 3 years is limited to Early Head Start and the Child Care Assistance Program.

Your income and working

status: Working low- and moderate-income families can get help from the Child Care Assistance Program, which pays part of child care costs. Grant-

funded prekindergarten programs at public and private schools primarily serve low- and moderate-income families. Early Head Start and Head Start programs also focus on low-income families.

Your child's eligibility for special education

services: Children who have been identified as having a disability or as being gifted can attend prekindergarten in public schools for free regardless of income.

Children with disabilities receive priority for Early Head Start and Head Start services. Children with disabilities or special learning needs may be able to attend Head Start programs even if their family's income is above Head Start limits. (*Note: Income is capped at 130% of federal poverty level for families of children with disabilities.*) Therefore, it's very important to let Head Start staff know if your child has a disability during the application process.

Federal Poverty Level Chart

Family Size	Annual FPL	130% Annual FPL	185% Annual FPL
1	12,060	15,678	22,311
2	16,240	21,112	30,044
3	20,420	26,546	37,777
4	24,600	31,980	45,510
5	28,780	37,414	53,243
6	32,960	42,848	60,976
7	37,140	48,282	68,709
8	41,320	53,716	76,442
Each Additional Person	4,180	5,434	7,733

For Head Start and Early Head Start, most types of assistance are available to families based on how close their annual income is to the federal poverty level (FPL). See the chart above for an overview of the federal poverty levels. You should visit enrollNOLA.org or contact centers to find out what types of assistance is available for your family.

Early Childhood {one App} Process

- 1. Go to EnrollNOLA.org to apply.**
- 2. Verify your eligibility within 5 days of applying.**
- 3. Log in to parent portal in early April to see assignment.**
- 4. Register at your assigned school!**

FREE EARLY LEARNING PROGRAMS

HOW TO APPLY AND VERIFY

OneApp: Infant to Pre-K4, is an online only application. To apply, visit EnrollNOLA.org, select your preferred schools or Early Childhood Centers, and visit a Family Resource Center or Head Start Eligibility Center to verify your eligibility. Visit EnrollNOLA.org for a full list of centers.

There are many different early childhood programs, with different eligibility requirements. It is important to know your options and what it means to be eligible before you submit your child's OneApp.

1 Apply Online

OneApp: Infant to Pre-K4, is an online-only application. **Apply online at www.EnrollNOLA.org** and verify your eligibility within 5 business days of submitting your online application. When selecting programs, it is important to rank them in order of preference with your highest school choice first. If you would like to learn more about a program, please visit www.EnrollNOLA.org or www.AgendaForChildren.org for more information.

Please note: if you do not verify your eligibility, you will NOT receive a placement.

If you do not have internet access at home, Family Resource Centers, public libraries, and many participating programs are equipped with computer labs and trained staff who will be happy to assist you in completing your OneApp.

Apply online at www.EnrollNOLA.org. **The Main Round Application Window deadline is February 23, 2018.**

2 Verify Eligibility

You can verify your eligibility to your preferred programs at any Family Resource Center or designated Head Start Centers. Locations and hours are listed on EnrollNOLA.org.

Submitting an application is not the final step. **If you do not verify your eligibility, you will NOT receive a placement.** Applicants must verify their eligibility within 5 business days of submitting their OneApp.

In order to verify eligibility for Pre-K4 and NSECD programs, visit a Family Resource Center any time during operating hours.

In order to verify eligibility for Head Start and Early Head Start (EHS), visit a designated Head Start Eligibility Center during the scheduled times.

Please note that CCAP programs are not included in the OneApp process. Please see pages 57-111 for a complete list of CCAP centers and follow up with centers directly to inquire about tuition and seat availability.

3 Claim Your Seat

All applicants will receive notification of placement results. Main Round results will be available in early April 2018.

If you do not receive an email, please visit a Family Resource Center for assistance. Please note that EnrollNOLA.org will use the email you provide on your child's application to deliver placement results.

If your contact information changes between now and when results become available, contact a Family Resource Center.

HOW PLACEMENTS WORK

Eligible students are placed based on family preference, the number of available seats, and each student's priority to their selected schools and random lottery number.

- School priority groups can include things like siblings of students continuing at the school*, or residence within the school's geographic zone. Applicants in priority groups will be considered first if there are more applicants than available seats. Applicants are first given a random lottery number and are then grouped by the priorities of the schools they listed on the application.
- Applicants in priority groups are placed first, in order of lottery number and all other applicants are placed by their lottery number, until all seats are full. Early childhood applicants will be placed on the waitlists of any programs ranked more highly than those to which they receive a placement.

There may be more applicants than there are early childhood seats. We cannot guarantee that all applicants will receive a placement in an early childhood program.

Early Childhood Eligibility

All publicly-funded early childhood programs have rules that outline things like the income, age, and residency requirements for the students they serve. If you have questions about program eligibility or eligibility verification, contact a Family Resource Center at (877) 343-4773.

Apply through OneApp for these Program Types:

PROGRAM	DESCRIPTION	AGES SERVED*	FREE / TUITION-BASED?
Early HeadStart	Early Head Start is a federally-regulated early childhood program for qualifying applicants ages infant-3 years, who live in Orleans Parish.	6 weeks - 3 years	Free
HeadStart	Head Start is a federally-regulated early childhood program for qualifying applicants ages 3-4 year olds, who live in Orleans Parish.	3 years - 4 years	Free
PK4	PK4 programs are pre-kindergarten programs operating in partnership with a public elementary school or early learning center. Students enrolled in PK4 programs may receive priority to attend kindergarten at their program's partner school.	4 years	Most programs are free. Some are tuition-based.
NSECD	Nonpublic Schools' Early Childhood Development (NSECD) programs are pre-kindergarten programs associated with a nonpublic school or early learning center. Students enrolled in NSECD programs may receive priority to attend kindergarten at their program's partner school.	4 years	Free

*Ages served reflects ages enrolled through this application. Child must be between the ages of 6 weeks and 4 years old, on or before September 30, 2018.

Apply through LDOE CCAP for these Program Types:

CCAP	Child Care Assistance Program (CCAP) is a statewide initiative to help working Louisiana families pay for early childhood education.	6 weeks - 4 years	Tuition-Based
EHS + CCAP	Early Head Start + CCAP Programs offer early childhood options to families who qualify for both Early Head Start (EHS), and the Child Care Assistance Program (CCAP).	6 weeks - 3 years	Free

Students with IEPs or IFSPs

Students with an Individualized Education Plan (IEP) are eligible to attend, and receive priority to, all PK4, Head Start and Early Head Start programs. Check the "priority" section of the program description for more information. Please note that not all early childhood programs offer Special Education services; contact the programs of your choice before applying to ensure they can meet the needs of your family.

If you have questions about IEP or IFSP services or how this affects your child, please contact a Family Resource Center at (877) 343-4773. To schedule an evaluation for your child, contact Orleans Parish School Board's Child Find Office (children ages 3-5 years) at (504) 304-4988, or Easter Seals/Early Steps Louisiana (children ages infant-2 years) at (504) 523-7325.

FREQUENTLY ASKED QUESTIONS

What early childhood programs are included in OneApp?

Free early childhood seats and tuition-based seats in participating schools, for students ranging from 6 weeks to 4 years old, are included in OneApp. Each program type has eligibility criteria and a “priority structure,” which determines the order in which applicants get matched to programs. Each program’s eligibility and priorities can be found in the beginning of each program section.

Should I apply for Free Early Childhood seats?

You should apply for free early childhood seats if you meet the following requirements:

- Your child will be between the ages of 6 weeks and 4 years old, on or before September 30, 2018.
- Your child meets the income requirements for desired programs.
- Your child has an Individualized Education Plan, IFSP, or a current Gifted evaluation (for Gifted programs only).

My child has an Individualized Education Plan (IEP) and/or Individualized Family Service Plan (IFSP). Am I eligible for a publicly-funded early childhood seat?

Yes. Age appropriate children with an Individualized Education Plan (IEP) are automatically eligible for all Free PK4 programs, regardless of income; children with Individualized Family Service Plans (IFSP) are also eligible for Early Head Start and Head Start programs, if the family’s income falls below 130% of federal poverty level. PK4 programs also grant priority and provide services to students with IEPs. IMPORTANT: Not all early childhood programs offer special education services.

Should I apply for tuition-based seats?

Apply for tuition-based early childhood seats only if you are willing and able to pay the tuition of your desired programs.

How do I verify my income for publicly-funded seats?

In order to prove eligibility to receive a publicly-funded early childhood seat at a non-Head Start program, families must bring all that apply to any EnrollNOLA Family Resource Center. The following documents are accepted for income verification:

- Most recent Social Security benefits statement
- Alimony as shown in court decree or agreement
- Most recent pension statements
- Most recent unemployment compensation statement
- Louisiana Purchase Card Budget Sheet or Benefits Statement
- Last 4 consecutive paystubs (if you work at least 40 hrs/week)

Or, a letter from your employer indicating: 1) Where you are employed, 2) Your hourly rate of pay and frequency of pay (monthly, weekly, biweekly etc)., and 3) average hours worked a week. If you cannot provide proof of income but believe you are eligible, please contact an EnrollNOLA Family Resource Center.

How do I verify my residency?

All early childhood seats have a residency requirement. Some programs require students to be Orleans Parish residents, while others may only require Louisiana residency. Look in the beginning of each program section.

All applicants must provide two (2) proofs of residency at an EnrollNOLA Family Resource Center or Head Start Eligibility Center. The following documents are accepted for residency verification:

- Current Rental Lease Agreement
- Homestead Exemption in the parent's name
- Cable/Internet Service Bill
- Current official letter from government agency (DCFS, DHH)
- Electricity/Gas Bill
- Sewerage/Water Bill
- Telephone Bill (landline only)

DOCUMENTS REQUIRED FOR VERIFICATION

In order to prove eligibility to receive a free early childhood seat, families must submit documents to any EnrollNOLA Family Resource Center or the Eligibility Centers. **If you do not verify your eligibility, you will NOT receive a placement.** Applicants must verify their eligibility within 5 business days of submitting their OneApp. Below is the list of documents required for Early Childhood programs:

	Required for Head Start and Early Head Start	Required for PK 4: LA4, NSECD, PEG
Birth certificate	✓	✓
Parent or Guardian ID	✓	✓
Proof of Guardianship (if not parent) ex: Foster Care	✓	✓
Two Proofs of Residency*		
Current rental lease agreement	✓	✓
Homestead Exemption in the parent's name	✓	✓
Electricity/gas bill	✓	✓
Sewerage/water bill	✓	✓
Telephone bill	✓	✓
Cable/internet service bill	✓	✓
Section 8 or HANO Voucher Statement	✓	✓
Current official letter from a government agency	✓	✓
Proof of Household Income	Bring all that apply	Bring all that apply
<i>Working Applicants must provide one of the following:</i>		
4 Current and Consecutive Pay stubs for each parent or caregiver in the house** (must be within 2 months of date completing verification)	✓	✓
W-2 forms	✓	not required
Income Tax form (1040, 1040 EZ, 1040 A, 1099)	✓	not required
An official letter from your employer stating: - Where parent/guardian is employed and start date - Hourly rate of pay & frequency of pay (weekly, biweekly, monthly) - The average number of hours parent/guardian works per week.	✓	✓
<i>Non-working applicants must provide one of the following:</i>		
Most recent unemployment compensation statement	✓	✓
If unemployed and not receiving unemployment compensation: Parent/caregiver must submit a letter of support and income documentation from support source.	✓	✓

* Either the parent/guardian name must be on the residency documents or if the parent/guardian lives with another adult who is named on the residency documents, the parent/guardian must bring a signed letter from the person named on the residency documents stating that the parent/guardian lives at that same address. If bringing a letter, parent/guardian must bring acceptable proofs of residency in resident's name.

** Paychecks/stubs must be calculated on a 40 hour/week basis. If you work less than 40 hours each week, please bring a letter from your employer on letterhead stating where you are employed, your hourly rate of pay, frequency of pay, and the average hours worked a week in order to accurately calculate your actual income.

EARLY HEAD START PROGRAMS

What they are and who should apply

Early Head Start

Early Head Start is a federally-regulated early childhood program for qualifying applicants ages infant-3 years, who live in Orleans Parish.

Free

Ages Served: Infant - 3

Cost: Free

Eligibility: Determined by a federally-regulated set of criteria prioritizing the highest-need applicants, including special needs applicants with an Individual Family Service Plan (IFSP). Open to Orleans Parish residents only. Applicants' birthdate must be on or before September 30, 2018.

Early Head Start is a family-focused child development program that offers educational, health, special needs, and social services for low-income children, pregnant women, and their families. Early Head Start programs are offered in many different settings, including in dedicated Early Head Start Centers, private early learning centers, and family childcare homes.

Eligibility and priority for Early Head Start programs is determined at designated Head Start Centers. Priority will be based on an "Eligibility Priority Criteria" (EPC) score, designed to ensure that the highest-need applicants are given priority to receive early childhood services. This score is based on criteria such as household income, foster care status, transitional housing, and more.

In order to verify eligibility for Early Head Start, families must visit a Head Start Eligibility Center within 5 days of submitting their application.

2017 INCOME GUIDELINES FOR EARLY HEAD START PROGRAMS Household Income (eligibility = 100% of federal poverty guidelines)*

Household Size	2	3	4	5	6	7	8
Gross Annual Income	\$16,240	\$20,420	\$24,600	\$28,780	\$32,960	\$37,140	\$41,320
Gross Monthly Income	\$1,353	\$1,702	\$2,050	\$2,398	\$2,746	\$3,095	\$3,443
for each additional family member	\$4,180 per year		\$348 per month				

Please note that Federal Poverty Guidelines will be updated prior to placement. The updated guidelines will be used to determine final eligibility. Visit EnrollNOLA.org for more information.

*Families with children ages birth to 5 (including children with disabilities) who fall within 0 – 130% of the federal poverty guidelines are eligible for Head Start and Early HeadStart. However, families with children who have disabilities, who fall within 101 – 130% of the poverty guidelines may be prioritized after families at or below 100% of poverty guidelines.

How to Read Early Head Start Profiles

Performance Rating

NAEYC Accredited

SPED Services

Uniforms Required

EHS and HS programs do NOT provide transportation

Use the icons above to narrow down your school choices according to what is important to your family. For example, if it is very important that your child's program offer Special Education services, look for the "SPED Services" icon on program profiles. Consider ranking highly those programs that are able to meet your child's needs.

Performance Rating	Excellent -- 6.00 - 7.00 Proficient -- 4.50 - 5.99 Approaching Proficient -- 3.00 - 4.49 Unsatisfactory -- 1.00 - 2.99
NAEYC Accredited	Centers accredited by the National Association for the Education of Young Children (NAEYC) must meet a strict set of criteria demonstrating their ability to meet and maintain programmatic, staffing, licensure, and other expectations for providing quality childcare.
SPED Services	Programs with the "SPED Services" icon may offer <u>some, but not all</u> , types of Special Education Services. Please contact your programs of choice to ensure that the services they offer will meet your family's needs.
Uniforms Required	Many programs require their students to wear uniforms. Look for the "uniforms required" icon and contact your programs of choice to inquire about associated fees, requirements, or uniform assistance.

HEAD START PROGRAMS

What they are and who should apply

Head Start

Head Start is a federally-regulated early childhood program for qualifying applicants ages 3-5 years old, who live in Orleans Parish.

Free

Ages Served: 3 to 5

Cost: Free

Eligibility: Determined by a federally-regulated set of criteria prioritizing the highest-need applicants, including applicants with an IEP. Open to Orleans Parish residents only. Applicants must turn 3 on or before September 30, 2018.

Head Start is a family-focused child development program that offers educational, health, special needs, and social services for low-income children and their families. Head Start programs are offered in many different settings, including in dedicated Head Start Centers, private early learning centers, and family childcare homes.

Eligibility and priority for Head Start programs is determined at designated Head Start Centers. Priority will be based on an "Eligibility Priority Criteria" (EPC) score, designed to ensure that the highest-need applicants are given priority to receive early childhood services. This score is based on criteria such as household income, foster care, transitional housing, and more. **In order to verify eligibility for Head Start, families must visit a Head Start Eligibility Center within 5 days of submitting their application.**

2017 INCOME GUIDELINES FOR HEAD START PROGRAMS

Household Income (eligibility = 100% of federal poverty guidelines)*

Household Size	2	3	4	5	6	7	8
Gross Annual Income	\$16,240	\$20,420	\$24,600	\$28,780	\$32,960	\$37,140	\$41,320
Gross Monthly Income	\$1,353	\$1,702	\$2,050	\$2,398	\$2,746	\$3,095	\$3,443
for each additional family member	\$4,180 per year	\$348 per month					

Please note that Federal Poverty Guidelines will be updated prior to placement.. The updated guidelines will be used to determine final eligibility. Visit EnrollNOLA.org for more information.

*Families with children ages birth to 5 (including children with disabilities) who fall within 0 – 130% of the federal poverty guidelines are eligible for Head Start and Early HeadStart. However, families with children who have disabilities, who fall within 101 – 130% of the poverty guidelines may be prioritized after families at or below 100% of poverty guidelines.

How to Read Head Start Profiles

Performance Rating

NAEYC Accredited

SPED Services

Uniforms Required

EHS and HS programs do NOT provide transportation

Use the icons above to narrow down your school choices according to what is important to your family. For example, if it is very important that your child's program offer Special Education services, look for the "SPED Services" icon on program profiles. Consider ranking highly those programs that are able to meet your child's needs.

Performance Rating	Excellent -- 6.00 - 7.00 Proficient -- 4.50 - 5.99 Approaching Proficient -- 3.00 - 4.49 Unsatisfactory -- 1.00 - 2.99
NAEYC Accredited	Centers accredited by the National Association for the Education of Young Children (NAEYC) must meet a strict set of criteria demonstrating their ability to meet and maintain programmatic, staffing, licensure, and other expectations for providing quality childcare.
SPED Services	Programs with the "SPED Services" icon may offer <u>some, but not all</u> , types of Special Education Services. Please contact your programs of choice to ensure that the services they offer will meet your family's needs.
Uniforms Required	Many programs require their students to wear uniforms. Look for the "uniforms required" icon and contact your programs of choice to inquire about associated fees, requirements, or uniform assistance.

CCAP PROGRAMS (FOR THE 17-18 SCHOOL YEAR)

Due to challenges that effect the way current Child Care Assistance Program (CCAP) eligibility is determined by the State of Louisiana, CCAP programs will not participate in this year's OneApp process.

If you are interested in applying for a CCAP voucher, check your eligibility by visiting <https://www.louisianabelieves.com/early-childhood/child-care-assistance-program>.

If you are eligible, fill out an online application by visiting <https://cafe-cp.dcf.la.gov/selfservice/> and be sure to include all of the documents on the CCAP checklist (<http://www.louisianabelieves.com/early-childhood/child-care-assistance-program>) with your application.

If you are seeking to enroll your child in an Early Childhood program for the current school year (17-18), please contact Agenda for Children at (504) 586-8509 or search child care options here: www.agendaforchildren.org.

CCAP	Child Care Assistance Program (CCAP) is a statewide initiative to help working Louisiana families pay for early childhood education.	Tuition-Based
-------------	--	---------------

Ages Served: Infant - 4

Cost: Tuition-based

Eligibility: Based on income and hours working, in school, or in a training program. Open to all Louisiana residents. Child's birthdate must be on or before September 30, 2018.

The Child Care Assistance Program (CCAP) helps cover the cost of childcare for qualifying, working families. CCAP vouchers are determined based on the number of hours the guardian works or attends school or training per week, family size, and total household income.

Because final eligibility is determined by the State, **all applicants to CCAP programs must submit an application with the Louisiana Department of Education.**

For more information, and to find instructions on how to apply, visit louisianabelieves.com or call 1-877-453-2721. If your family needs assistance finding child care for the current school year, please contact Agenda for Children today at (504) 586-8509.

2017 INCOME GUIDELINES FOR CCAP PROGRAMS

Household Size	2	3	4	5	6	7	8	9
Gross Monthly Income	\$2,403	\$2,684	\$3,257	\$3,778	\$4,229	\$4,397	\$4,495	\$4,592
add \$95 for each additional child in your household								

2017 Program Cost Key

Key	\$	\$	\$	\$	\$
Weekly Cost	Less than \$100 per week	\$100-\$124 per week	\$125-\$149 per week	\$150-\$174 per week	\$175 or Greater per week

Please note that CCAP programs charge tuition. For an understanding of the total cost of tuition, reference the table above, alongside CCAP programs listed on the following pages. Please note that CCAP vouchers may not cover the total cost of tuition.

PK PROGRAMS

PK4 Programs

What they are and who should apply

PK4

PK4 programs are pre-kindergarten programs operating in partnership with a public elementary school or early learning center. Students enrolled in PK4 programs may receive priority to attend kindergarten at their program's partner school.

Most PK4 programs are free. Some are tuition-based.

Ages Served: 4*

Cost: Free for applicants who meet income guidelines and/or have an IEP. Some PK4 programs also have tuition programs.

Eligibility: New Orleans Residents who will turn 4 years-old on or before September 30, 2018.

Many participating elementary schools offer pre-kindergarten programs for 4 year-olds* (PK4). To qualify for free programs, the household must meet income requirements and/or the child must have an IEP. Families who receive SNAP (food stamps) or meet income requirements are eligible to attend Free PK4 programs. Students enrolled in Free PK4 classes at a K-12 school are guaranteed the ability to continue in kindergarten at that school if they choose to do so. Students enrolled in PK4 classes at a partnering early childhood center will receive priority to attend kindergarten at their program's partner school; the student must apply for kindergarten at the partner school to receive the priority. See program profiles for more detail.

In order to verify eligibility for PK4, families must visit a Family Resource Center within 5 days of submitting their application.

*Select programs serve 3 year olds. See flag icon.

2018 INCOME GUIDELINES FOR FREE PK4 PROGRAMS

Household Income (eligibility = 185% of federal poverty guidelines)

Household Size	2	3	4	5	6	7	8
Gross Annual Income	\$30,044	\$37,777	\$45,510	\$53,343	\$60,976	\$68,709	\$76,442
Gross Monthly Income	\$2,504	\$3,148	\$3,793	\$4,437	\$5,081	\$5,726	\$6,370
for each additional family member	\$7,733 per year	\$644 per month					

How to Read PK4 Profiles

Performance Rating

Bus Service
**programs without this icon do NOT offer transportation*

Geographic Zone

Uniforms Required

PK3/PK4

PK3 Only

Use the icons above to narrow down your school choices according to what is important to your family. For example, if it is very important that your child's program offer bus service, look for the "Yellow Bus Service" icon on program profiles. Consider ranking highly those programs that are able to meet your child's needs.

Performance Rating/CLASS™ Scores	CLASS™ SCORES: 6.00 - 7.00 Excellent; 4.50 - 5.99 Proficient; 3.00 - 4.49 Approaching Proficient; 1.00 - 2.99 Unsatisfactory
Geographic Zone	Many programs grant priority for up to 50% of open seats to applicants residing in the school's geographic catchment zone. This is called "geographic priority." Programs that prioritize applicants living in their zone will be marked with the "Geographic Zone" icon. For more information on zones and priorities, visit EnrollNOLA.org .
Bus Service	Most PK4 programs offer free transportation, either in the form of yellow bus or van service. Programs with the "Bus Service" icon offer transportation to enrolled students who live within a certain distance from the program. Contact the program directly for details on transportation. If a program does not show this icon, they do NOT offer transportation.
Uniforms Required	PK4 programs require their students to wear uniforms. Contact your programs of choice to inquire about associated fees, requirements, or uniform assistance.

Tuition-Based PK4 Programs

Pre-Kindergarten Programs for 4 Year-Olds

PK4

Tuition-Based PK4 programs are pre-kindergarten programs operating in partnership with a OneApp participating elementary school or early learning center, which charge tuition to attend.

In order to determine your child's initial eligibility to participating programs, answer the required questions on the online application. In order to determine final eligibility, you will need to visit a Family Resource Center.

Free PK4 Programs

Pre-Kindergarten Programs for 4 Year-Olds

PK4

Free PK4 programs are pre-kindergarten programs operating in partnership with a OneApp participating elementary school or early learning center. Eligibility information is the same for most Free PK4 programs. For exceptions, see profile details.

Priority: Priority information is included in each program's individual profile.

Eligibility: New Orleans Residents who meet income guidelines and/or have a current Individualized Education Plan (IEP), and who will turn 4 years-old on or before September 30, 2018.*

**All PK4 programs share the eligibility requirements above unless stated otherwise in the program's individual profile.*

Students enrolled in Free PK4 classes at a K-8 school will be guaranteed the ability to attend kindergarten at that school, if they choose to do so. Students enrolled in PK4 classes at a partnering early childhood center will receive priority to attend kindergarten at their program's partner school, but must apply, and are not guaranteed to continue in kindergarten. PK4 programs that offer their students priority instead of guarantee to kindergarten are noted as an "Early Learning Center Partnership Program" in their profiles, below. Look for the "@" sign.

In order to determine your child's initial eligibility to participating programs, answer the required questions on the online application. In order to determine final eligibility and priority, you will need to visit a Family Resource Center, listed on EnrollNOLA.org.

MISSION STATEMENT/PROGRAMMATIC MODEL: We strive to provide nurturing, secure and stimulating environment for young children, in which children can safely explore, learn, play and develop utilizing a child centered curriculum. This curriculum is based on the emotional, physical, social and cognitive needs of the individual child. The developmental needs of the child are used to determine appropriate activities carried out with that child. Because children grow and develop at different rates, this approach offers them the opportunity to explore each area of development at their own pace. The teaching staff members act as facilitators.

NSECD Programs

What they are and who should apply

NSECD

Nonpublic Schools' Early Childhood Development (NSECD) programs are pre-kindergarten programs associated with a nonpublic school. Students enrolled in NSECD programs may receive priority to attend kindergarten at their program's partner school.

Free

Ages Served: 4

Cost: Free

Eligibility: Louisiana residents who meet income guidelines and will turn 4 years-old on or before September 30, 2018.

The Nonpublic School Early Childhood Development program (NSECD) offers qualifying 4 year-olds free preschool services in participating nonpublic schools and early learning centers. Enrolled students may also receive priority to attend their program's partner school for kindergarten. Families who receive SNAP (food stamps) or meet income requirements are eligible to attend NSECD programs. **In order to verify eligibility for NSECD, families must visit a Family Resource Center within 5 days of submitting their application.**

2018 INCOME GUIDELINES FOR NSECD PROGRAMS

Household Income (eligibility = 185% of federal poverty guidelines)

Household Size	2	3	4	5	6	7	8
Gross Annual Income	\$30,044	\$37,777	\$45,510	\$53,343	\$60,976	\$68,709	\$76,442
Gross Monthly Income	\$2,504	\$3,148	\$3,793	\$4,437	\$5,081	\$5,726	\$6,370
for each additional family member	\$7,733 per year		\$644 per month				

How to Read NSECD Profiles

Use the icons above to narrow down your school choices according to what is important to your family. For example, if it is very important that your child's program offers Special Education services, look for the "SPED Services" icon on program profiles. Consider ranking highly those programs that are able to meet your child's needs.

Performance Rating/CLASS™ Scores	CLASS™ SCORES: 6.00 - 7.00 Excellent; 4.50 - 5.99 Proficient; 3.00 - 4.49 Approaching Proficient; 1.00 - 2.99 Unsatisfactory
SPED Services	Programs with the "SPED Services" icon may offer <u>some, but not all</u> , types of Special Education Services. Please contact your programs of choice to ensure that the services they offer will meet your family's needs.
Meals Offered	Programs with the "Meals Offered" icon offer free or reduced-priced lunch to enrolled students. Programs without this icon may require a fee for student lunches.
Transportation Provided	Some NSECD programs offer free transportation, either in the form of yellow bus or van service. Contact your programs of choice to find out more. If a program does not show this icon, they do NOT offer transportation.
Uniforms Required	Many programs require their students to wear uniforms. Look for the "uniforms required" icon and contact your programs of choice to inquire about associated fees, requirements, or uniform assistance.

NSECD Participating Schools

Pre-Kindergarten Programs for 4 Year-Olds

NSECD

Nonpublic Schools' Early Childhood Development (NSECD) programs are pre-kindergarten programs operating in partnership with a OneApp participating nonpublic school. Eligibility and Priority information is the same for all eligible NSECD applicants:

Community Resources

Parenting Classes

Parenting Center

The Parenting Center at Children's Hospital provides support and education to parents faced with everyday problems and concerns of raising children. At the Parenting Center, parents can spend time with their preschool children, seek advice from parent educators and socialize with other parents and get referrals to appropriate community resources. The center offers parenting classes for a per-class fee. For more information, contact the Parenting Center at (504) 896-9591 or by email parenting@chnola.org or visit www.chnola.org/parentingcenter.

Healthy Start New Orleans

Healthy Start New Orleans provides services to residents of Orleans Parish who are pregnant or parenting children under the age of two. Healthy Start promotes healthy communities by nurturing healthy pregnancies, healthy babies, and healthy families. They offer case management, parenting classes, parent groups and free baby items for enrolled families. Call (504) 658-2600 to sign up for Healthy Start or find out more about the programs.

Health Insurance

LaCHIP

The Louisiana Children's Health Insurance Program (LaCHIP) provides health coverage to uninsured children up to age 19. It is a no-cost health program that pays for hospital care, doctor visits, prescription drugs, shots and more.

To qualify for LaCHIP, your child must meet the following criteria:

- The child must be under the age of 19.
- The child may not currently have health insurance.
- Household income must be below the income limits.

Visit www.lachip.org for more information or to apply online. Call toll-free **1-877-2LaCHIP (1-877-252-2447)**. Representatives are available Monday through Friday 6:30 am to 4:30 pm.

Public Health Insurance for Parents

LaMOMS: Louisiana offers the LaMOMS program, which provides free health insurance to low- and moderate-income pregnant women. It covers pregnancy-related services, including doctor visits, lab work, prescription medicines, delivery, and hospital care. You can learn more by calling 1-888-342-6207 Monday through Friday from 7:00 am to 5:00 pm.

Greater New Orleans Community Health Connection (GNOCHC):

GNOCHC is a Medicaid waiver that covers primary and mental health care visits to more than 40 community health centers and clinics for many residents of Orleans, Jefferson, Plaquemines and St. Bernard parishes.

Eligible individuals must be 19 to 64 years old, a U.S. citizen or permanent resident, currently uninsured and must live in Orleans, Jefferson, Plaquemines or St. Bernard parishes and meet income requirements.

Call 1-888-342-6207 or email GNOCHC@la.gov for more information. Representatives are available Monday through Friday 8:00 am to 4:30 pm.

Nutrition Assistance

Women Infants and Children (WIC) Sites

WIC is a Special Supplemental Nutrition Program (SNAP) for pregnant, breastfeeding and postpartum women, infants and children up to 5 years of age. WIC provides healthy foods, nutrition education and referrals to other health and social services. Contact following offices to find out if you are eligible or to make an appointment.

GLOSSARY OF TERMS

assistive technology - equipment that helps children with special needs learn, grow and conquer their limitations in the classroom, and ranging from versatile button switches to whiteboards to spell.

Behavior Intervention Plan (BIP) – plan for steps to modify or change behaviors of a child whose actions are disrupting learning.

child-to-caregiver ratio – the number of children for every caregiver (teacher/staff) in an early learning center. Rules guiding maximum ratios are set by the state but centers may choose to keep the number of children per each caregiver lower than the required maximum.

Child Development Associate (CDA) - a nationally recognized entry level credential in the field of early childhood education. CDAs are issued by the Council for Professional Recognition and the credential is designed for professions working with young children in all settings.

certified - staff members or administrators who possess a state and/or national teaching certificate, statement, professional recognition or license in a given area.

Child Care Assistance Program (CCAP)– financial assistance program that helps low- and moderate-income families pay for the child care they need in order to work or attend school or training. For more information on the program requirements and to apply, visit www.louisianabelieves.com/early-childhood/child-care-assistance-program.

child & dependent care tax credits – tax credits (or tax discounts) offered to families who have paid for child care for a child under the age of 13 or a person who is physically or mentally unable to care for themselves. Tax credits are connected to income and are available for both federal and state income taxes.

Classroom Assessment Scoring System (CLASS) – system for measuring the quality of interactions between caregivers/teachers and children in a early childhood education program. Louisiana will begin using CLASS to judge all publicly-funded early care and education programs and give ratings based on CLASS results.

early learning center – organizations or businesses that provide early care and education to seven or more children. These centers are sometimes called nursery schools, preschools or daycares, but the term “early learning center” better describes these programs that nurture the development of infants and young children.

group size – the number of children who learn and play together at one time in an early learning program. In general, a smaller group size is a sign of quality.

Individualized Educational Plan (IEP) – written education plan developed according to the needs of a child with special needs over the age of 3 years old. Children who receive special education services receive an IEP. The IEP is a legal document that is developed by a team that includes the child’s parents and key school staff. It lays out both learning goals and the services that a child will receive.

Individualized Family Services Plan (IFSP) – written plan for special services for young children, ages birth to 3 years old, with developmental delays. Once a child turns 3 years old, the IFSP is replaced with an Individualized Education Plan (IEP).

Individuals with Disabilities Education Act (IDEA) – federal law to ensure that children and youth (birth to 21 years old) with disabilities receive the services they need.

LA4 Program – the Cecil J. Picard LA4 Early Childhood Program provides low- and moderate-income children with early childhood education during a six-hour-a-day program and before- and

after-school enrichment if funding is available. Priority is given to students from economically disadvantaged families and children with special needs.

Montessori – Montessori programs are particular types of early learning centers that follow the child-directed learning philosophies of Maria Montessori. Many New Orleans Montessori programs are licensed early learning centers, but others are registered but not licensed through the state.

National Association for the Education of Young Children (NAEYC) – a national organization that promotes high-quality early learning for all young children, birth through age 8. NAEYC publishes standards for best practices in early childhood program. NAEYC also has an accreditation process for early learning centers. If a program is NAEYC-accredited, it has met NAEYC’s quality standards.

OneApp – the citywide enrollment system for most public and publicly-funded schools in New Orleans. Through OneApp, students receive a single school placement based on family preference, each school’s priorities, and the number of available seats. A school’s priorities can include priority placement for siblings of students at the school, residence within the school’s geographic zone, and more. The OneApp is expanding to include all publicly-funded early care and education programs (Head Start, centers that accept LA4 and NSECD) for the 2016-2017 school year.

Quality Start – Louisiana’s system for evaluating early learning centers. Through this voluntary evaluation program licensed centers can earn from 1 to 5 stars based on staff qualifications, quality of the classroom environment, child-to-staff ratios and administrative practices.

Response to Intervention (RTI) – the RTI process is a multiple-step approach to providing services and interventions to students who struggle with learning. The progress students make at each stage of intervention is closely monitored and may be included in a student’s Individual Educational Plan (IEP). Schools can also create RTIs for students who do not necessarily qualify for special education services.

school-based preschool programs – many public and nonpublic schools also offer preschool or prekindergarten programs. Most school-based programs serve children who are at least three or four years old. Prekindergarten programs at public schools are generally free to families with low to moderate incomes and for children who have been identified as in need of special education services (meaning that they have been identified as gifted or diagnosed with a disability). Unlike kindergarten and higher grades, public schools are not required to provide prekindergarten for all students.

school readiness tax credit – tax credit especially for taxpayers with children who are under the age of 6 and who are enrolled in an early learning center that has earned at least two stars in Louisiana’s Quality Start program. The amount of the tax credit increases with the number of stars that the early learning center has earned.

Section 504 of the Rehabilitation Act of 1973 (504) – federal law designed to protect the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Department of Education. The Section 504 regulations require a school district to provide a “free appropriate public education” (FAPE) to each qualified student with a disability who is in the school district’s jurisdiction, regardless of the nature or severity of the disability.

ALPHA INDEX

3 Sisters Academy	58	Einstein Charter School at Sherwood Forest	127
A Place to Grow	58	Einstein Charter School at Village De L'est	128

THE BUILDING BLOCKS OF YOUR CHILD'S FUTURE BEGIN WITH **EDUCATION.**

**Choosing the best school for your needs
begins with our NEW ORLEANS GUIDE TO
EARLY CHILDHOOD EDUCATION.**

This comprehensive guide is designed to help parents make informed decisions about early childhood education programs. Parents and guardians can use this guide to learn about licensed early care and education centers and determine which centers are best for their children. Caregivers and other community members can use this guide to learn about early child care and education in our community so they can better support families and children.

Inside you'll find:

- **An overview of the types of early care and education options available in New Orleans.**
- **Information about financial support available for families seeking early child care.**
- **An overview of reforms and changes affecting early care and education options**
- **Profiles of each early learning center**
- **Tips for choosing quality early care and education**
- **Information about key community resources available for young children and their families**
