DBE Needs Assessment Survey | How Can We Help?

In order to achieve the goals of the Disadvantaged Business Enterprise Supportive Services Program (DBE/SS), the Louisiana Department of Transportation and Development and the Urban League of Louisiana are seeking to determine the needs and service offerings that will increase the participation of DBE firms in its contracts.

The results of the [DBE Needs Assessment Survey](#) will be used as the basis for developing the annual DBE/SS Program that will help DBE firms participate, grow, diversify, and build capacity to successfully compete in the highway industry as consultants, contractors, service providers and suppliers.

Please complete the e-survey to support this process. Thank you for your participation in this effort. [Start Your Survey Here](#)

9 Numbers You Need to Keep Your Company Profitable

ConstructionBusinessOwner.com

A majority of construction business owners and managers don't focus on what counts most: their numbers. Business owners and managers spend their time getting jobs built and then hope the bottom-line numbers work out. Often, these hard working people don't like to be bothered with the numbers and pass them off to a bookkeeper or spouse to handle, manage and worry about.
