COVID-19 Funding
TruFund Financial Services Launches the Southern Opportunity and Resilience Fund (SOAR) for Small Businesses in Louisiana
Offering Small Business Loans of Up to $100,000

TruFund Financial Services, Inc. is a part of a diverse group of local and national community finance organizations launching the Southern Opportunity and Resilience (SOAR) Fund, a program getting small businesses and nonprofits across the South affordable capital and critical business support at a time when they need it the most. TruFund Financial Services, Inc. will make capital available to small businesses in Alabama, Louisiana, Georgia and Texas.

The Covid-19 pandemic has exacerbated an already uneven recovery coming out of the Great Recession. Southern states had slower economic growth, lower labor force participation, and higher unemployment than the rest of the country, partially driven by the historic lack of corporate, bank and philanthropic investment in the region. The SOAR Fund tackles these issues head-on by providing capital to southern small businesses and nonprofits that need it now.

Nonprofits and small business owners with fewer than 50 full-time employees can apply now for very low interest loans of up to $100,000 and free business support.

You may be eligible if you:
- Own a small business with 50 or fewer employees in one of the states below
- Have annual revenues under $5 million
- Meet the program’s standard underwriting guidelines (includes experiencing direct economic disruption due to COVID-19)

About the loans:
- Loans are being made through local community lenders who can help you understand the terms and determine if a loan is the right option for your business
- Loans range in size, up to $100,000 and can be used for various business purposes
- Current loan terms include 1) 60-month loan term with a fixed 4% interest rate for businesses and 3% for nonprofits or 2) 72-month loan term with a fixed 4.5% interest rate for businesses and 3.5% for nonprofits
