ULLA Upcoming  
Events and Trainings

Urban League of Louisiana provides business support services to existing and aspiring DBEs that are interested in doing business with the LADOTD in Region B. Services include one-on-one business counseling, capacity-building coaching, contractor-specific and general entrepreneurship trainings, certification assistance, funding and bonding assistance, and access to LADOTD bid opportunities. For more information, please email [dbesupport@urbanleaguella.org](mailto:dbesupport@urbanleaguella.org).

Webinar

Take Action: Leverage the GSA for Federal Contracting Opportunities

Tuesday, February 4 | 12:00pm-2:00pm CST | Virtual

Join the Urban League of Louisiana for its Take Action session **“Leverage the GSA for Federal Contracting Opportunities”** on Tuesday, February 4, 10:00am-12:00pm, virtually.

The U.S. General Services Administration (GSA) manages federal property and provides contracting options for government agencies. GSA facilitates over \$84 billion of products, services and solutions that enable federal agencies to efficiently accomplish their missions while saving taxpayer dollars. During this session, participants will learn how to leverage the GSA Schedule and sell to the federal government, including:

- Understanding the GSA Schedule Program
- Getting on Schedule
- Staying on Schedule
- Tools, resources, and information to help you succeed

This session will be facilitated by **Courtney Elzey, Owner, MCDS, LLC**. There is no cost to attend, however, registration is required. Register today to reserve your spot!

## Webinar

### Take Action: Get Certified as a WBE and MBE for Corporate Contracting Opportunities

Tuesday, February 11 | 12:00pm-2:00pm CST | Virtual

Join the Urban League of Louisiana for its Take Action session **“Get Certified as a WBE and/or MBE for Corporate Contracting Opportunities”** on Tuesday, February 11th, 12:00pm-2:00pm, virtually.

WBE and MBE are business certifications that recognize minority and women-owned businesses. WBE stands for Woman Business Enterprise, and MBE stands for

Minority Business Enterprise.

A WBE is a business that is at least 51% owned and controlled by one or more women. It must also be a for-profit business that is independently owned and operated. An MBE is a business that is at least 51% owned and controlled by one or more individuals from a minority group, which includes African Americans, Hispanics, Native Americans, Asian Americans, and other underrepresented groups. These certifications are often required for companies seeking to do business with large corporations.

During this session, small business owners will learn the benefits of these certifications, certifying agencies, eligibility requirements, and the certification process. This session will provide participants with insights on how to best leverage these certifications to access corporate contracting opportunities.

This session will be facilitated by **Courtney Elzey, Owner, MCDS, LLC**. There is no cost to attend, however, registration is required. Register today to reserve your spot!

## Webinar

### Developing an Effective Capabilities Statement

Thursday, February 20 | 10:00am-11:30am CST | Virtual

Join the Urban League of Louisiana on **Thursday, February 20, 10:00am-11:30am**, to **learn best practices for developing an effective capabilities statement!** This virtual session is a part of a series of monthly events in collaboration with the Louisiana Department of Transportation and Development's DBE Supportive Services program.

As a contractor, whether you are providing labor, materials, or professional services, your capability statement serves as your business card and should set you apart from your competitors. It is a tool that will show potential clients how your achievements, core competencies, accreditations, financial health, and experience will create value for their projects. Writing a capability statement is not easy. However, it is worth the time and effort, and will produce positive outcomes if done right.

During this interactive workshop, participants will learn the key components of a capabilities statement and will be given guidance on crafting these elements to fit their business model and offerings. This session will be facilitated by Courtney Elzey, Principal, MCDS, LLC.

All current DBEs and aspiring DBEs are welcomed to attend. There is no cost to attend; however, registration is required. Register today to reserve your seat!

**Kiewit: Small and Diverse Subcontractor/Supplier Outreach Event - Louisiana International Terminal Project - Port NOLA  
Wednesday, February 12 | 5:00pm CST | In-person**

**Kiewit** is providing Construction Manager at Risk (CMAR) services for the Port of New Orleans Louisiana International Terminal (LIT) Site Development Project as well as the Wharves and Ramps Project.

The LIT involves the construction of a state-of-the-art container facility on the lower Mississippi River that will serve vessels of all sizes, increasing Louisiana's import and export capacity. For more information about the LIT, visit:

<https://louisianainternationalterminal.com/>

**Please join us to learn about the Site Development Project and upcoming contract opportunities - and to meet members of our project team.**

Firms certified (or eligible for certification) as a Disadvantaged Business Enterprise (DBE) or a Small Business Enterprise (SBE) by any of the following agencies are highly encouraged to attend.

- The City of New Orleans SLDBE program
- The State of Louisiana's Department of Economic Development's SBE Hudson Initiative program
- The Federal Small Business ProgramThe State of Louisiana Unified Certification Program or LAUCP for Disadvantaged Business Enterprises

**Please note:** This event will focus on the Site Development Project. A separate outreach event will be held to share information about the Wharves and Ramps Project!

***Space is limited. RSVP required to attend. Event location and details will be provided following RSVP. For more information contact Britt Walter, [britt.walter@kiewit.com](mailto:britt.walter@kiewit.com).***

**National Electric Vehicle Infrastructure (NEVI) Charging Station Inspection, Data Collection and Reporting Statewide**  
**Closing Date: February 12, 2025**

Attention: A new DOTD Advertisement has been posted for the following project: **CONTRACT NO. 4400030379 - NATIONAL ELECTRIC VEHICLE INFRASTRUCTURE (NEVI) CHARGING STATION INSPECTION, DATA COLLECTION AND REPORTING STATEWIDE**

The Consultant shall provide all personnel, equipment and software necessary to conduct on-site inspection of the construction, maintenance and operation of charging stations designated by DOTD and provide data collection and reporting to ensure adherence to the requirements delineated in 23 CFR 680, et seq. These services shall be provided throughout construction of the NEVI charging stations and for a period of not less than five (5) years from the NEVI final charging station going online. **For the full scope of work, please [click here](#).**

Current advertisement postings can be found at the [CCS Website link here](#).

Upcoming projects can be found on the [projected advertisements website link here](#).

**About the National Electric Vehicle Infrastructure (NEVI) Formula Program**

Louisiana will receive approximately \$73M for electric

vehicle (EV) infrastructure through President Biden’s Infrastructure Investment and Jobs Act (IIJA). The Louisiana Department of Transportation and Development (LA DOTD) plans to administer the deployment of electric vehicle charging station infrastructure throughout the State. As part of the EV infrastructure deployment plan, the U.S.

Legislature has made National Electric Vehicle Infrastructure (NEVI) Formula Program funds available for expenditure by state transportation agencies. These funds will cover 80 percent of the EV infrastructure expenses with a minimum 20 percent state match covered by grant recipients. To disburse these funds, LA DOTD is developing a competitive grant program that allows for a phased approach to the buildout of electric vehicle supply equipment (EVSE) over five years that meets federal requirements of DC Fast Chargers within one mile of designated corridors.

Sign up for updates on our EV grant program through MyDOTD by visiting [La DOTD - MyDOTD](#) and selecting the option to “Sign Up Now” to create an account, or sign in to customize your alerts and select “Electric Vehicle Grant Program”.

Please send comments and/or inquiries to [DOTD-EVProgram@la.gov](mailto:DOTD-EVProgram@la.gov). You can also take our public survey [here](#).
