Events and Trainings

Urban League of Louisiana provides business support services to existing and aspiring DBEs that are interested in doing business with the LADOTD in Region B. Services include one-on-one business counseling, capacity-building coaching, contractor-specific and general entrepreneurship trainings, certification assistance, funding and bonding

assistance, and access to LADOTD bid opportunities. For more information, please email dbesupport@urbanleaguela.org.

CONSTRUCTION TODAY: The Rise of Artificial Intelligence in Construction

The construction industry is undergoing a significant transformation, driven by the rapid adoption of digital technologies. Among these, **artificial intelligence (AI)** stands out as a powerful tool reshaping how

construction projects are planned, executed, and managed. As AI continues to evolve, its influence on the construction sector is becoming more profound, bringing about changes that enhance efficiency, safety, and innovation. Discover how AI is integrated into construction technology and the potential benefits and challenges it presents. [Read](#)

Entrepreneurial Education

Access to Opportunities: How to Find and Successfully Bid on LADOTD Projects

Thursday, May 22 | 10:00am-11:30am CST | Online

Join the Urban League of Louisiana on **Thursday, May 22, 10:00am-11:30am**, for “**Access to Opportunities: How to Find and Successfully Bid on LADOTD Projects**”. This virtual session is a part of a series of monthly workshops hosted in collaboration with the Louisiana Department of Transportation and Development’s DBE Supportive Services program.

DBE contractor firms seeking to do business with the Louisiana Department of Transportation must develop an internal process to identify, assess, and determine the firm’s capacity to meet the performance requirements of potential bid opportunities. In addition, DBE contractors must be proactive in identifying upcoming bid opportunities so that maximum time and effort can be put towards developing a winning proposal.

During this session, contractor firms will learn how to view upcoming LADOTD letting opportunities and the associated Construction Proposal Documents. Participants will also learn how to view LADOTD projects to be let in the next 12 months, how to read proposal

documents, and how to ensure that you are ready to bid (Online Bidder Registration, List of Prospective Bidders, etc.).

This session will be facilitated by Courtney Elzey, Principal, MCDS, LLC, and Frank Johnson, Director, Contractor’s Resource Center, ULLA. There is no cost to attend, however, registration is required. Register today to reserve your seat!

**INTERESTED IN FUTURE OPPORTUNITIES?
JOIN OUR DATABASE!**

Follow these steps to help us understand your capabilities and bidding interests and ensure that you are notified about future project opportunities and events:

- 1 Complete our [Subcontractor Questionnaire](#)
- 2 Create an account with BuildingConnected at: app.buildingconnected.com/create-account

After your company information has been received through our Subcontractor Questionnaire, you will be added to our project database. Please stay tuned for notifications via email and BuildingConnected once bid packages become available.

STAY INFORMED!

Kiewit is committed to keeping you informed. For information about upcoming project events and opportunities, visit: Lead.me/KiewitLITProjects

GOALS AND CERTIFICATION INFORMATION

Kiewit is committed to the business inclusion goals established by the **Port of New Orleans** for the Projects.

For participation to count toward the established project goals, firms must be certified as a Disadvantaged Business Enterprise (DBE) or Small Business Enterprise (SBE) by one of the following certifying agencies:

- The City of New Orleans State and Local Disadvantaged Business Enterprise (SLDBE) Program. For more information visit: <https://bit.ly/4bwNUX3>
- The State of Louisiana’s Department of Economic Development’s SBE Hudson Initiative Program. For more information visit: <https://www.opportunitylouisiana.gov/program/hudson-initiative>
- Federal Small Business Program. For more information visit: <https://www.sba.gov/federal-contracting/contracting-assistance-programs/small-disadvantaged-business>
- The State of Louisiana Unified Certification Program or LAUCP for Disadvantaged Business Enterprises. For more information visit: <http://www8.dotd.la.gov/ucp/>

National Electric Vehicle Infrastructure (NEVI) Formula Program**

About the National Electric Vehicle Infrastructure (NEVI) Formula Program

Louisiana will receive approximately \$73M for electric vehicle (EV) infrastructure through President Biden's Infrastructure Investment and Jobs Act (IIJA).

The Louisiana Department of Transportation and Development (LA DOTD) plans to administer the deployment of electric vehicle charging station infrastructure throughout the State. As part of the EV infrastructure deployment plan, the U.S.

Legislature has made National Electric Vehicle Infrastructure (NEVI) Formula Program funds available for expenditure by state transportation agencies. These funds will cover 80 percent of the EV infrastructure expenses with a minimum 20 percent state match covered by grant recipients. To disburse these funds, LA DOTD is developing a competitive grant program that allows for a phased approach to the buildout of electric vehicle supply equipment (EVSE) over five years that meets federal requirements of DC Fast Chargers within one mile of designated corridors.

Sign up for updates on our EV grant program through MyDOTD by visiting [La DOTD -](#)

MyDOTD and selecting the option to “Sign Up Now” to create an account, or sign in to customize your alerts and select “Electric Vehicle Grant Program”.

Please send comments and/or inquiries to **DOTD-EVProgram@la.gov**. You can also take our public survey **[here](#)**.
